CONTENTS VOLUME 44

NUMBER 1

Feature Articles

Thinning of Emory oak coppice: Effects on growth, yield, and harvesting cycles. *Ramzi Touchan and Peter F. Ffolliott* 1

Ashe juniper (*Juniperus ashei*: Cupressaceae) canopy and litter effects on understory vegetation in a juniper-oak savanna. *Lisa Y. Yager and Fred E. Smeins* 6

Watershed influence on the macroinvertebrate fauna of ten major tributaries of the Colorado River through Grand Canyon, Arizona. *Gaye E. Oberlin, Joseph P. Shannon, and Dean W. Blinn* 17

Rarity of oak saplings in savannas and woodlands of the eastern Edwards Plateau, Texas. *F. Leland Russell and Norma L. Fowler* 31

Distribution, abundance, and habitat use of Rio Grande sucker (*Catostomus plebeius*) in Hot Creek, Colorado. *Susan M. Swift-Miller, Brett M. Johnson, Robert T. Muth, and David Langlois* 42

Systematics of the *Cyprinella lutrensis* group (Cyprinidae) from the southwestern United States as inferred from variation of mitochondrial DNA. *Linda R. Richardson and John R. Gold* 49

Reproduction in Gadow's spiny lizard, *Sceloporus gadovae* (Phrynosomatidae), from arid tropical México. *Julio A. Lemos-Espinal, Geoffrey R. Smith, and Royce E. Ballinger* 57

Population dynamics of *Sceloporus grammicus* (Sauria: Phrynosomatidae) at Durango, Mexico. *Alfredo Ortega-Rubio, Robert Barbault, and Gonzalo Halffter* 64

Spatial scaling of pocket gopher (Geomyidae) density. *K. Shawn Smallwood and Michael L. Morrison* 73

Food provisioning by island foxes, *Urocyon littoralis*, to conspecifics caught in traps. *David K. Garcelon, Gary W. Roemer, R. Brand Philips, and Timothy J. Coonan* 83

Notes

Host identified for *Rhynchophion flammipennis* (Hymenoptera: Ichneumonidae). *Karen Kester and James Tuttle* 87

Abert squirrel (*Sciurus aberti*) as a soil excavator. *Sylvester Allred and William S. Gaud* 88

Consumption of three garden plants in west Texas by *Helix aspersa*. *Mary Roberson and Daryl L. Moorhead* 90

Growth patterns and morphological features of juvenile *Helix aspersa* from west Texas. *Mary Roberson and Daryl L. Moorhead* 93

The present status of jaguars (*Panthera onca*) in the southwestern United States. *Alan R. Rabinowitz* 96

Size and habitat characteristics of home ranges of northern grasshopper mice (*Onychomys leucogaster*). *Paul Stapp* 101

An extralimital population of *Lampetra appendix* (Petromyzontidae) in southwestern Arkansas. *Renn Tumlison and Creed Tumlison* 106

The karyotype of *Peromyscus stirtoni* (Rodentia: Muridae). *John A. Peppers, James G. Owen, and Robert D. Bradley* 109

Observations of bats during a total solar eclipse in Mexico. *Oscar Sánchez, Jorge A. Vargas, and William López-Forment* 112

Announcements 116

NUMBER 2

Feature Articles

Use of historic aerial photography to study vegetation change in the Negrito Creek watershed, southwestern New Mexico. *Mark E. Miller* 121

Description of an eyeless, cavernicolous *Albiorix* (Pseudoscorpionida: Ideoroncidae) in Arizona, with observations on its biology and ecology. *William B. Muchmore and Robert B. Pape* 138

Factors affecting the diet and abundance of northern populations of Rio Grande sucker (*Catostomus plebeius*). *Susan M. Swift-Miller, Brett M. Johnson, and Robert T. Muth* 148
Native range and conservation of the White Sands pupfish (*Cyprinodon tularosa*). *John S. Pittenger and Craig L. Springer* 157
Distribution of continental fishes in northern Quintana Roo, Mexico. *Juan J. Schmitter-Soto* 166
Estimating burrow volume and excavation rate of pocket gophers (Geomyidae). *K. Shawn Smallwood and Michael L. Morrison* 173
Melanism in white-tailed deer in central Texas. *John T. Baccus and John C. Posey* 184
Effects of a habitat boundary on small mammals associated with the White Sands dune complex. *J. Jeffrey Root, Eric E. Jorgensen, and Stephen Demarais* 193
Variation in herd size of collared peccaries in a Mexican tropical forest. *Salvador Mandujano* .. 199

Notes

Macroinvertebrate drift in the tailwater of a regulated river below Glen Canyon Dam, Arizona. *Ted McKinney, Andrew D. Ayers, and Roland S. Rogers* 205
Occurrence of two species of freshwater sponges (*Dosilia radiospiculata* and *Ephydatia muelleri*) in Arizona. *Patricia A. Sowka* 211
Confirmation of *Branchinecta paludosa* (Crustacea, Anostraca) in Utah. *Sharon Maynard Stern and Denton Belk* 212
Occurrence of an aquatic lepidopteran (*Parapoynx obscuralis*, Pyralidae) on cultured Texas wildrice (*Zizania texana*, Poaceae). *Joe N. Fries and Paula Power* 213
Eggs, larvae, and early juveniles of *Etheostoma grahami* (Teleostei: Percidae). *C. Aguilera, R. Mendoza, J. Montemayor, and G. Hernandez* 214
Effects of a record flood of fishes in Sabino Creek, Arizona. *Robert K. Dudley and William J. Matter* 218
Respiratory responses of grass carp, *Ctenopharyngodon idella* (Cyprinidae) to parasitic infection by *Centrocestus formosanus* (Digenea). *Guillermina Alcaraz, Gerardo Pérez-Ponce de León, Luis García P., Virginia León-Regagnon, and Cecilia Vanegas* 222
Reproductive failure of endangered southwestern willow flycatchers on the Rio Grande, New Mexico. *Kristine Johnson, Patricia Mehlhop, Charles Black, and Kim Score* 226
Noteworthy records of mammals from Michoacán, México. *Cornelio Sánchez-Hernández, María de Lourdes Romero-Almaraz, Robert D. Owen, Arturo Núñez-Garduño, and Ricardo López-Wilchis* 231
Genetic variation in a recently isolated population of mule deer (*Odocoileus hemionus*). *John D. Peles, Floyd W. Weathersbee, Jr., Paul E. Johns, Jane Griess, Dan L. Baker, and Michael H. Smith* 236
First record of the California kangaroo rat, *Dipodomys californicus* (Rodentia: Heteromyidae), from Nevada. *Frederick B. Stangl, Jr., Gregory F. Birkenfeld, and Steven M. Shoen* 240
Noteworthy record of the silver-haired bat (*Lasionycteris noctivagans*) in Louisiana. *Richard F. Lance and David L. Rogowski* 241
Announcements 243

NUMBER 3

Feature Articles

Genetic diversity in two rare milkweeds from the southwestern United States. *James P. Therrien* ... 247
Decomposition and nitrogen release from foliage of cottonwood (*Populus deltoides*) and Russian-olive (*Elaeagnus angustifolia*) in a riparian ecosystem. *Stacey B. Simons and T. R. Seastedt* 256
Vegetative change on South Padre Island, Texas, over twenty years and evaluation of multispectral videography in determining vegetative cover and species identity. *Robert I. Lonard, Frank W. Judd, James H. Everitt, David E. Escobar, Mario A. Alaniz, Isabel Cavazos III, and M. R. Davis* 261
Dormancy-breaking and germination requirements in seeds of the summer annual *Palafoxia callosa* (Asteraceae) from central Texas. *Carol C. Baskin, Jerry M. Baskin, and O. W. Van Auken* 272
Ant communities in flooded and unflooded riparian forest of the middle Rio Grande. *Elizabeth R. Milford* 278
Effects of red shiner (*Cyprinella lutrensis*) on Red River pupfish (*Cyprinodon rubrofluviatilis*). *Keith*

B. Gido, Jacob F. Schaefer, Kirsten Work, Philip W. Lienesch, Edie Marsh-Matthews, and William J. Matthews 287
Movements and reproduction of hardhead and Sacramento squawfish in a small California stream. *Gerold C. Grant and Paul E. Maslin* 296
Abundance and habitat associations of elf owls and western screech-owls in the Sonoran Desert. *Paul C. Hardy, Michael L. Morrison, and Robert X. Barry* 311
Contributions to the knowledge of the mammals of Jujuy Province, Argentina. *M. Mónica Díaz and Rubén M. Barquez* 324
Occurrence of *Sorex arizonae* and other shrews (Insectivora) in southern Arizona. *Lee H. Simons and William E. Van Pelt* 334
First record of *Lasiurus xanthinus* (Chiroptera: Vespertilionidae) in Texas. *Jana L. Higginbotham, Loren K. Ammerman, and Michael T. Dixon* 343
Movements and home range of salt marsh harvest mice. *Michael A. Bias and Michael L. Morrison* .. 348
Frequency of birth and lambing sites of a small population of mountain sheep. *Richard C. Etchberger and Paul R. Krausman* 354
Bison performance and productivity on tallgrass prairie. *E. Gene Towne* 361
Demographic responses of kit foxes to supplemental feeding. *Gregory D. Warrick, Jerry H. Scrivner, and Thomas P. O'Farrell* 367

Notes

Dynamics of species richness and abundance in a montane community of butterflies in southern New Mexico. *Stephen B. Hager and Angela D. Stafford* 375
Use of *Pogonomyrmex occidentalis* (Hymenoptera: Formicidae) nest-sites by tenebrionid beetles (Coleoptera: Tenebrionidae) for oviposition and thermoregulation in a temperate grassland. *Nancy E. McIntyre* 379
Western harvester ants prefer nest sites near roads and trails. *Anthony C. Terranella, Lisa Ganz, and James J. Ebersole* 382
Evidence of reproduction by humpback chub in a warm spring of the Colorado River in Grand Canyon, Arizona. *Richard A. Valdez and William J. Masslich* 384
Captures of striped bass in the Colorado River in Grand Canyon, Arizona. *Richard A. Valdez and William C. Leibfried* 388
Predation by nonnative fish on native fishes in the San Juan River, New Mexico and Utah. *W. Howard Brandenburg and Keith B. Gido* 392
Distribution of Morelet's crocodile (*Crocodylus moreletii*) in southern Belize. *Steven G. Platt, John B. Thorbjarnarson, and Thomas R. Rainwater* 395
Additional records of bats from the middle Rio Grande Valley, New Mexico. *Ernest W. Valdez, James N. Stuart, and Michael A. Bogan* 398
Status of the North American porcupine (*Erethizon dorsatum*) in Mexico. *Rurik List, Gerardo Ceballos, and Jesús Pacheco* 400
The fringed myotis, *Myotis thysanodes* (Chiroptera: Vespertilionidae) in Tamaulipas, Mexico. *Arnulfo Moreno-Valdez* 404
Trail marking by coyotes, *Canis latrans*. *Bayard H. Brattstrom* 405
Range extensions of the woodland vole (*Microtus pinetorum*) and two other species in northwestern Oklahoma. *Thomas W. Haner, Ronald W. Farrar, and Gary D. Schnell* 407
Tree sloths (Mammalia: Xenarthra) in Nicaragua and Honduras, Central America. *Timothy J. McCarthy, David L. Anderson, and Gustavo A. Cruz D.* 410
Utilization of cliff swallow (*Petrochelidon pyrrhonata*) nests in west Texas by cave myotis (*Myotis velifer*). *Christopher M. Ritzi* 414
Announcements 416

NUMBER 4

Feature Articles

A classification of the natural vegetation of Kansas. *Chris L. Lauver, Kelly Kindscher, Don Faber-Langendoen, and Rick Schneider* 421

Meadow invasion from high-elevation spruce-fir forest in south-central New Mexico. *James M. Dyer and K. Evan Moffett* 444
The myrmecofauna (Hymenoptera: Formicidae) along an altitudinal gradient in the Sierra Madre Oriental of northeastern Mexico. *Karla Y. Flores-Maldonado, Sherman A. Phillips, Jr., and Gerardo Sánchez-Ramos* 457
Allozymic variation and biogeography of snapping shrimp (*Alpheus*) from the Gulf of Mexico and northwestern Atlantic coasts. *Matthew R. McClure and Ira F. Greenbaum* 462
Simulation modeling of population viability for the leopard darter (Percidae: *Percina pantherina*). *Lance R. Williams, Anthony A. Echelle, Conrad S. Toepfer, Marsha G. Williams, and William L. Fisher* 470
Venom composition and diet of the cantil *Agkistrodon bilineatus howardgloydi* (Serpentes: Viperidae). *Alejandro Solorzano, Marjorie Romero, José Maria Gutierrez, and Mahmood Sasa* 478
Birds associated with black-tailed prairie dog colonies in southern shortgrass prairie. *Valerie A. Barko, James H. Shaw, and David M. Leslie, Jr.* 484
Trends in populations of mountain lion in Carlsbad Caverns and Guadalupe Mountains National Parks. *Louis A. Harveson, Bill Route, Fred Armstrong, Nova J. Silvy, and Michael E. Tewes* 490
Population changes in bats from central Arizona: 1972 and 1997. *Thomas J. O'Shea and Terry A. Vaughan* 495
Bats captured in two ponderosa pine habitats in north-central Arizona. *Thomas E. Morrell, Michael J. Rabe, James C. deVos, Jr., Heather Green, and C. Richard Miller* 501

Notes

Preliminary classification of the Mexican biogeographic provinces: A parsimony analysis of endemicity based on plant, insect, and bird taxa. *Juan J. Morrone, David Espinosa Organista, Claudia Aguilar Zuñiga, and Jorge Llorente Bousquets* 507
The aquatic oligochaeta (Annelida: Clitellata) of Montezuma Well, Arizona: a near thermally constant limnocrene. *Mark J. Wetzel, Gaye E. Oberlin, and Dean W. Blinn* 514
Nearest neighbor relationships among theraphosid spiders in Belize. *Steven B. Reichling* 518
Structure of the helminth assemblage of an endemic madtom catfish (*Noturus lachneri*). *Riccardo A. Fiorillo, R. Brent Thomas, Melvin L. Warren, Jr., and Christopher M. Taylor* 522
Re-analysis of genetic structure among populations of *Rana pipiens* in Arizona and Utah. *Mark P. Miller, Diana N. Kimberling, and Paul Keim* 527
Reproduction in the desert massasauga, *Sistrurus catenatus edwardsii*, in Arizona and Colorado. *Stephen R. Goldberg and Andrew T. Holycross* 531
Discovery of a second population of white-collared seedeaters, *Sporophila torqueola* (Passeriformes: Emberizidae) along the Rio Grande of Texas. *Marc C. Woodin, Mary K. Skoruppa, Gene W. Blacklock, and Graham C. Hickman* 535
Nest-reuse for the yellow-billed cuckoo in Arkansas. *Jennifer K. Wilson* 538
Wide disparity in age of nestlings in a Say's phoebe nest from New Mexico. *Dale W. Stahlecker* ... 540
Records of the Brazilian free-tailed bat, *Tadarida brasiliensis* (Chiroptera: Molossidae), in Colorado. *Rick A. Adams and Katherine M. Thibault* 542
Associations between desert mule deer and collared peccaries. *Paul R. Krausman, Josh T. Avey, and John C. Tull* 543

Obituary

Howard McCarley: 1926–1999 545
Announcements 547
Index to Volume 44 561
